

Provisional guidelines for the EASTBIO Symposium Poster

[The following are guidelines used at the School of Biological Sciences, University of Edinburgh. Please discuss these with your supervisor]

- Size: A0
- Portrait format

Your poster should include:

- The EASTBIO logo (at the EASTBIO website Student Resources page, at <http://www.eastscotbiotdp.ac.uk/student-resources>)
- Your name & affiliation
- Your supervisor's name
- Acknowledgement of your research funding source: Biotechnology and Biological Sciences Research Council (BBSRC) (at <http://www.bbsrc.ac.uk/home/home.aspx>).

Content should focus on the most important aspects of your work and should communicate clearly to the broad audience of the EASTBIO partnership:

- A short introduction about the methods
- A results section arranged in a logical order
- A brief discussion outlining your main conclusions and where the research might impact or go from here
- Relevant diagrams and illustrations

The above can be used as criteria for the assessment of your poster.
